

COLOUR ANALYSIS

LOOK YOUNGER HEALTHIER
AND MORE *Radiant*

Would you like to wear something other than black?
Enjoy the amazing benefits of a colour session

- » Discover the colours that flatter you and make you look younger, healthier and more radiant.
- » Learn how to combine different colours together in outfits and how to introduce new colours into your wardrobe.
- » Benefit from a professional makeup session to learn the subtle tricks to look your best.

Includes a personalised colour
swatch booklet

Prices available upon request

PERSONAL STYLE

Highlight YOUR
ASSETS,
CAMOUFLAGE YOUR FLAWS

Everyone deserves to feel great in their clothes

- » This session is the next step after a colour analysis session
- » Focusing on your positive elements you will learn how to dress effortlessly in a style that you are proud of.
- » You will discover how to update your look, highlight your assets and disguise those human flaws.
- » How to express your personality, co-ordinate accessories and feel stylish what ever the event. You will be left knowing how to mix and match items in your wardrobe to create more outfits.

Includes style notes and follow up support.

Prices available upon request
